

COMING UP

Trace, erase, do it again and progress!

Trace & Erase will help recognize letters of the alphabet, number from 1 to 10, shapes and colors and learning how to write.

By following the arrows with one's finger or with the dry-erase marker included with each book, children will memorize writing movements.

Trace & Erase will provide hours of learning fun to children who won't want to stop tracing, erasing and do it again!
